THE 2008 BLAST™ ★ FEEL IT

ADRENALINE

Interior of the 210 MPH Power Plus shows off the comfortable space to unwind and swap stories — hopefully all true. This great-looking package is shown with dual fold-up sofa beds.

Blast has a huge cargo area with enough space to load up your toys and move 'em with ease.

We equipped the Blast with lots of cool standard features including our *no hassle warranty*. Then we threw in some great options like an electric trac queen bed, dual 76-inch fold-up sofa beds (most models)

and a patio awning available on one or both sides of the coach. You can't find a more reliable, money-saving way to get your toys to the action and hang out in comfort when you're not racin'.

THE WEEK'S WORK IS DONE. TIME TO HIT THE ROAD FOR SOME ENGINE-SCREAMING, MUD FLYING, HILL-JUMPING ACTION.

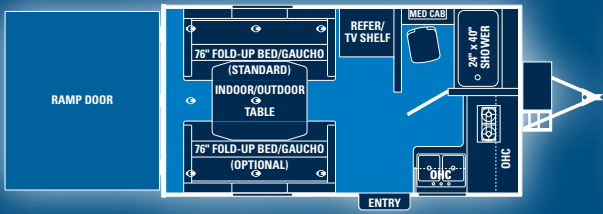

We made it easy for you by creating Blast, an affordable multi-purpose hauler. Load it up with your tools and supplies during the week and with your toys on the weekend — the of your week!

Ideal for work and perfect for your weekend fun, Blast shows how much

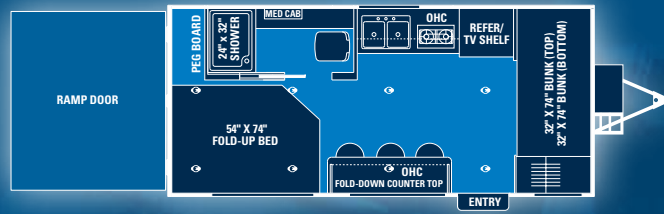

we understand your love for extreme adventure — and the need to make your dollars go the distance. At the track site, simply unload your bikes, ATVs and gear. In minutes the cargo area converts into a great living space that sleeps up to six people.

Even in a compact kitchen, we managed to fit all the features you need to whip up your own specialty — even if it is only franks and beans!
